

## **BuckleUpNC 2020 CPS Webinar Series**

### **Energy Management Emerging Trends (1.0 CEU)**

Date: Wednesday, June 10th

Time: 2:00pm – 3:00 pm

Speaker: Bob Wall, Nuna Baby Essentials, Inc.

The ultimate purpose of car seats is “energy management” and “containment.” There are many design trends that assist with energy management in crashes. They are proven safety features in Europe that until the last few years have not been popular here in the USA. These features are becoming a mainstream in the car seat world for good reason. We will talk about these features like, load legs and anti-rebound features and how they work.

### **Hot Topics in Child Passenger Safety (1.0 CEU)**

Date: Tuesday, June 16th

Time: 10:00am – 11:00am

Speaker: Sarah Tilton, Britax Child Safety, Inc.

The field of child passenger safety is constantly changing. In this session Technicians will hear about emerging and important issues in child passenger safety including seat belt extenders, LATCH retrofit kits, illegal/fake car seats, and lock-offs. In addition, Technicians will hear about Britax product updates.

### **CPS Jeopardy (1.5 CEUs)**

Date: Wednesday, June 24th

Time: 1:30pm – 3:00pm

Speaker: Sarah Haverstick, Goodbaby

During this interactive session you will learn more about:

- \* Parts of a car seat (features/functions)
- \* Crash dynamics
- \* Fake/foreign/compliant car seats
- \* New car seat models
- \* Misuse identification

**Harmonized Statements (1.0 CEU)**

Date: Wednesday July 1<sup>st</sup>

Time: 2:00pm – 3:00pm

Speaker: Vera Fullaway, Safe Traffic System

Review and explanation of the harmonized statements published by the Manufacturers Alliance for Child Passenger Safety regarding child restraint system use and installation Part 1. This session will detail the reasons behind the directives and recommendations from the child restraint manufacturers.

**Making Car Seats Safer (1.0 CEU)**

Date: Tuesday July 7<sup>th</sup>

Time: 10:00am – 11:00am

Speaker: Daniella Brown, UPPAbaby

This session will do a deep dive on what happens to car seats during a crash, what CRS manufacturers test and evaluate as well as what they do above and beyond what is required. CPS technicians will leave this session with an understanding how this information comes full circle and how technology is incorporated into car seats in order to protect children.

**Manufacturer Update: Nuna, WhizRider, and Mifold (1.5 CEUs)**

Date: Tuesday July 14<sup>th</sup>

Time: 1:30pm – 3:00pm

Speakers: Bob Wall, Nuna, Daniel Schlaepfer, WhizRider, and Matthew Dawes, Mifold

In this webinar three car seat manufacturers will give Technicians an overview of their products including newly released car seats.

**Manufacturer Update: Summer Infant and Britax Child Safety (1.0 CEU)**

Date: Wednesday July 22<sup>nd</sup>

Time: 10:00am – 11:00am

Speakers: Sarah Tilton, Britax Child Safety and Kelly Murphy, Summer Infant

In this webinar two car seat manufacturers will give Technicians an overview of their products including newly released car seats.

**LATCH, Beyond the Basics: Resources, Reminders and Current Issues (1.0 CEU)**

Date: Thursday, July 30th

Time: 10:00am – 11:00am

Speaker: Claudia Summers, Safe Kids NC

Students will have a quick review of LATCH concepts, then delve right into the history, testing and current industry standards for the LATCH system in motor vehicles. Students will be guided through current LATCH configurations in vehicles today that can cause confusion for technicians and caregivers. Students will use available resources to determine how these new designs are used so they can be better educators in the field.

**Manufacturer Update: Graco and Safe Traffic System (1.0 CEU)**

Date: Tuesday August 4th

Time: 2:00pm – 3:00pm

Speakers: Carol Helminski, Graco and Vera Fullaway, Safe Traffic System

In this webinar two car seat manufacturers will give Technicians an overview of their products including newly released car seats.

**Manufacturer Update: GoodBaby and UPPAbaby (1.0 CEU)**

Date: Wednesday August 12th

Time: 10:00am – 11:00am

Speakers: Sarah Haverstick, Goodbaby and Daniella Brown, UPPAbaby

In this webinar two car seat manufacturers will give Technicians an overview of their products including newly released car seats.

**Manufacturer Update: Clek (1.0 CEU)**

Date: Thursday September 3rd

Time: 1:00pm – 2:00pm

Speaker: Trudy Slaght, Clek

In this webinar Clek will give Technicians an overview of their products, including newly released products.

**Manufacturer Update: KidsEmbrace (1.0 CEU)**

Date: Tuesday September 15th

Time: 2:00pm – 3:00pm

Speakers: Vincent Mastrangelo, Tony Jerisha, and Chad Sparling, KidsEmbrace

In this webinar KidsEmbrace will give Technicians an overview of their products, including newly released products.

**Things that make Techs go “hmmm”**

Date: Tuesday September 29th

Time: 2:00pm – 3:00pm

Speakers: Allan Buchanan, Suzanne LeDoyen, Theresa Cromling, Sarah Haverstick, and Bevan Kirley

**This session will not count as a CEU but will fulfill the “Community Education” requirement needed for recertification.**

In this interactive webinar, a panel of experts will answer commonly asked questions from CPS Technicians. Topics could include: how to communicate technical information, CPS and COVID-19, NC Laws, best practice recommendations, and dealing with challenging situations. Audience participation is encouraged so bring your questions!
